SUMMARY

Cloud Solutions Architect with over 8 years of experience in solutions architecture, infrastructure, cloud computing, DevOps, and automation. Expertise in defining, sizing, migrating, and optimizing enterprise and multi-cloud environments, with a focus on availability, scalability, security, governance, and cost efficiency.

Hands-on experience with OCI, AWS, Azure, GCP, and Huawei Cloud, combining infrastructure architecture, IaC, Kubernetes, automation, observability, and the modernization of legacy environments. Strong track record of translating technical and business requirements into sustainable, operationally efficient architectural solutions.

SKILLS

Cloud & Architecture: OCI · AWS · Azure · GCP · Cloud Migration · High Availability · Disaster Recovery · FinOps

Infrastructure & DevOps: Terraform · Ansible · Kubernetes · Docker · Jenkins · CI/CD · Linux

Automation & Observability: Python · Bash · PowerShell · Zabbix · Grafana · Datadog

Networking & Security: Networking · IAM · Load Balancing · VPN · DNS · FortiGate · Sophos

PROFESSIONAL EXPERIENCE

Cloud Solutions Architect | CCM Soluções em Tecnologia LTDA | Brazil

MAR 2025 – PRESENT

- I work on the architecture and sizing of multicloud environments, supporting projects involving migration, modernization, resizing, and workload optimization.
- I work in pre-sales and architecture, translating technical and business requirements into solutions, sizing specifications, and architectural proposals.
- I develop internal platforms for cloud discovery, sizing, monitoring, and FinOps, automating analysis and supporting architectural decisions.
- I design and implement architectures focused on high availability, scalability, security, governance, and cost efficiency.
- I implement Infrastructure as Code and DevOps practices using Terraform, Ansible, Jenkins, and Kubernetes.
- I analyze existing environments and identify opportunities to optimize capacity, performance, and cloud costs.

Cloud Infrastructure Analyst | Statum Tecnologia em Informática LTDA | Brazil

AUG 2024 – MAR 2025

- Maintained and provisioned OCI environments for clients across various market segments.
- Monitored production environments and participated in the resolution and mitigation of critical incidents.

Cloud Support Analyst | Senior Sistemas S/A | Brazil

AUG 2021 – JUL 2024

- Executed preventive and corrective maintenance in cloud environments, reducing downtime.
- Developed automation routines and optimizations for support and operational processes.

IT Support and Operations Analyst | Pedra Agroindustrial S/A | Brazil

JAN 2021 – AUG 2021

- Managed mobile devices, workstations, and PABX telephony infrastructure.
- Implemented and monitored backup routines, ensuring data integrity.

- Optimized database routines and monitored IT environment performance.
- Configured, validated, and updated enterprise systems and applications.
